Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Menifee Union School District (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Standards and Procedures for Audits of California K-12 Local Education Agencies 2013-2014*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Menifee Union School District, as of June 30, 2014, and the respective changes in financial position, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis on pages 5 through 13 and budgetary comparison and other postemployment benefit information on pages 54 and 55, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Menifee Union School District's basic financial statements. The accompanying supplementary information such as the combining and individual nonmajor fund financial statements and Schedule of Expenditures of Federal Awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the other supplementary information as listed on the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, including the Schedule of Expenditures of Federal Awards, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 7, 2014, on our consideration of the Menifee Union School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Menifee Union School District's internal control over financial reporting and compliance.

This section of Menifee Union School District's (the District) (audited) annual financial report presents our discussion and analysis of the Menifee Union School District's financial performance during the fiscal year that ended on June 30, 2014, with comparative information from 2013. Please read it in conjunction with the District's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the Menifee Union School District and its component units using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The *Government-Wide Financial Statements* present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the District (including capital assets), as well as all liabilities (including long-term obligations). Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables, and receivables.

The *Fund Financial Statements* include a variety of funds to include the General Fund, Special Revenue Funds, Capital Projects Funds, and Debt Service Funds.

The *Governmental Activities* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The *Fiduciary Activities* are prepared using the economic resources management focus and the accrual basis of accounting.

Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences created by the integrated approach.

The Primary unit of the government is the Menifee Union School District.

MENIFEE UNION SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and the *Statement of Activities* report information about the District as a whole and about its activities. These statements include *all* assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's *net position* and changes in them. Net position is the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources, which is one way to measure the District's financial health, or *financial position*. Over time, *increases or decreases* in the District's net position will serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The relationship between revenues and expenses is the District's *operating results*. Since the Board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the *overall health* of the District. The quality of the education and the safety of our schools will likely be important components in this evaluation.

In the *Statement of Net Position* and the *Statement of Activities*, we report the District activities as follows:

Governmental Activities - All of the District's services are reported in this category. This includes the education of kindergarten through grade eight students, the operation of child development activities, food service, and the on-going effort to improve and maintain buildings and sites. Property taxes, State aid, user fees, interest income, Federal, State and local grants, as well as general obligation bonds, certificates of participation, and Community Facilities Districts, finance these activities.

REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives from the U.S. Department of Education and the California Department of Education.

MENIFEE UNION SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

Governmental Funds - Most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

THE DISTRICT AS TRUSTEE

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or *fiduciary*, for funds held on behalf of others, like our funds for associated student body activities and Joint Community Facilities Districts. The District's fiduciary activities are reported in the *Statement of Fiduciary Net Position*. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

THE DISTRICT AS A WHOLE

Net Position

The District's net position was \$201,042,810 for the fiscal year ended June 30, 2014. Of this amount, \$3,319,460 was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the governing school board's ability to use net position for day-to-day operations. Our analysis below focuses on the net position (Table 1) and change in net position (Table 2) of the District's governmental activities.

Governmental Activities

As reported in the *Statement of Activities* on page 15 the cost of all of our governmental activities this year was \$79,999,229. However, the amount that our taxpayers ultimately financed for these activities through local taxes was only \$9,837,005 because the cost was paid by those who benefited from the programs (\$3,611,236) or by other governments and organizations who subsidized certain programs with grants and contributions (\$12,297,701). We paid for the remaining "public benefit" portion of our governmental activities with \$52,384,161 in State funds, and with other revenues, like interest and general entitlements.

MENIFEE UNION SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

In Table 3, we have presented the cost of each of the District's largest functions – instruction, instruction-related activities, other pupil services, general administration, plant services, and other services. As discussed above, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

General Fund Budgetary Highlights

Over the course of the year, the District revises its budget as it attempts to deal with unexpected changes in revenues and expenditures. The final amendment to the budget was adopted in September 2014. (A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided in our annual report on page 54.)

MENIFEE UNION SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

COMMENTS ON MAJOR FUNDS

Each of the District's major funds is discussed below.

- The General Fund is the chief operating fund of the District used to account for ordinary operations. All transactions except for those required or permitted by law to be in another fund are accounted for in this fund.
- The Capital Facilities Fund (Fund 25) is used primarily to account separately for monies received from fees levied on developers to meet pupil housing needs. Home construction within the District boundaries increased for the year ending June 30, 2014.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2014, the District had \$195 million in a broad range of capital assets, including land, buildings, and equipment.

TABLE 5

(Net of Accumulated Depreciation)

	Governmental Activities	
	2014	2013

Total	<u>\$ 194,968,154</u>	<u>\$ 199,063,929</u>

Long-Term Obligations

At the end of this year, the District had \$53.6 million in long-term obligations outstanding versus \$53.8 million last year. Those long-term obligations consisted of the following:

	Governmental Activities	
	2014	2013
General obligation bonds (financed with property taxes)	\$ 48,750,998	\$ 48,651,106

Net OPEB obligation	5,439	2,724
Total	<u>\$ 53,877,003</u>	<u>\$ 53,796,078</u>

MENIFEE UNION SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

The District's general obligation bond rating with Fitch is A+, and with S&P it is an AA-. The State limits the amount of general obligation bonds that districts can issue to five percent of the assessed value of all taxable property within the District's boundaries. The District's outstanding general obligation bonds of \$48.8 million are below this statutorily imposed limit.

SIGNIFICANT ACCOMPLISHMENTS OF FISCAL YEAR 2013-2014

- The financial plan of the District continues to successfully support and implement the District's instructional mission, goals and plan.
- The District identified Collective Commitments in order to prioritize fiscal and human resources.
- The District continues to expand and improve on its instructional practices with the coaching support program for the benefit of its stakeholders.
- The District continues to seek to improve support services that offer cost savings.
- The District had a few small facility projects throughout the District during 2013-2014.

FACTORS BEARING ON THE DISTRICT'S FUTURE

The following are some of the key budget assumptions the District is making:

- Numerous developers are increasing home permits within the District boundaries. The District anticipates enrollment will grow at an increased rate consistent with housing construction in the area. The District anticipates enrollment growth to exceed District projections for 2014-2015 by approximately 200 pupils.
- The District has new facilities project planned for elementary school #10 and a new administrative facility located in the Hahn Center.
- New upgrades for all sites to install High Density Wi-Fi District-wide.
- An energy service company has been contracted to assist the District on implementation of a comprehensive energy efficiency, clean on-site energy generation, and facilities modernization program.
- The State has radically altered the historical funding method for public education. This new model, Local Control Funding Formula (LCFF) will continue to increase GAP funding. It appears that moving forward the District will continue to receive more funding in 2014-2015.
- Staffing issues and financial planning will continue to be very conservative during the multi-year projection period.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2014

Total Net Change in Fund Balances - Governmental Funds		\$ 6,497,869
Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:		
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures, however, for governmental activities, those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities.		
This is the amount by which capital outlays exceed depreciation expense in the period.		
Capital outlays	\$ 1,592,715	
Depreciation expense	<u>(5,688,490)</u>	
		(4,095,775)
In the Statement of Activities, Other Postemployment Benefits (OPEB) are measured by an actuarially determined Annual Required Contribution (ARC). In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). This year, amounts contributed toward the OPEB obligation were less than the ARC by \$2,715.		(2,715)
In the Statement of Activities, certain operating expenses - compensated absences (vacations) and special termination benefits (early retirement) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). This year, special termination benefits earned were more than amounts used by \$259,597. Vacation used was less than amounts earned by \$59,861		(319,458)
Repayment of bond principal is an expenditure in the governmental funds, but it reduces long-term obligations in the Statement of Net Position and does not affect the Statement of Activities:		
General obligation bonds		430,000
Certificates of participation		341,140

MENIFEE UNION SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES (Continued) FOR THE YEAR ENDED JUNE 30, 2014

Under the modified basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. This adjustment combines the net changes of the following balances:

Amortization of debt premium	\$ 56,944	
Amortization of debt discount	(10,829)	
Amortization of cost of issuance	(734,487)	
Combined adjustment		\$ (688,372)

Interest on long-term obligations in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The additional interest reported in the Statement of Activities is the result of two factors. First, accrued interest on the general obligation bonds and certificates of participation decreased by \$207,114, and second, \$576,007 of additional accumulated interest was accreted on the District's "capital appreciation" general obligation bonds.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Menifee Union School District (the District) was organized December 7, 1951, under the laws of the State of California. The District operates under a locally elected five-member Board form of government and provides educational services to grade Transitional K - 8 as mandated by the State and/or Federal agencies. The District operates nine elementary schools, three middle schools, and a preschool.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the Menifee Union School District, this includes general operations, food service, and student related activities of the District.

Component Units

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District in that the District approves their budget, the issuance of their debt or the levying of their taxes. For financial reporting purposes the component units have a financial and operational relationship which meets the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and thus are included in the financial statements of the District. The component units, although legally separate entities, are reported in the financial statements as if they were part of the District's operations because the governing board of the component units is essentially the same as the governing board of the District and because their purpose is to finance the construction of facilities to be used for the benefit of the District.

The Menifee Union School District Public Financing Authority (the Authority) is a joint exercise of powers authority organized and existing under laws of the State of California, and Joint Exercise of Powers Agreement. The Authority was formed to issue bonds under the Marks-Roos Local Bond Pooling Act of 1985. The Authority was formed for the purpose of financing school facilities.

Pursuant to the Mello-Roos Community Facilities Act of 1982, the District established Community Facilities Districts (CFDs) 94-1, 99-1 Zone 1, 2, Improvement Zone A, 2002-1 through 5, 2003-1 through 4, and 2004-2 through 5, 2005-2, 2006-1, 2006-3, 2006-4, and 2011-1 Area 2. Each CFD is a legally constituted governmental entity formed for the purpose of financing special capital projects. The CFDs were authorized, at special elections, to finance school facilities and in certain cases to fund improvements for the benefit of other governmental agencies including a Parks and Recreation District and a Water District.

Financial Presentation

For financial presentation purposes, the Authority and the CFDs financial activity has been blended with the financial data of the District. The financial statements present the construction and acquisition bond proceeds within the Capital Project Fund for Blended Component Units. The debt service reserve fund proceeds are presented in an agency fund.

The accompanying notes are an integral part of these financial statements.

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The District's funds are grouped into two broad fund categories: governmental and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major and non-major governmental funds:

Major Governmental Funds

General Fund The General Fund is the chief operating fund for all districts. It is used to account for the ordinary operations of the District. All transactions except those accounted for in another fund are accounted for in this fund.

Capital Facilities Fund The Capital Facilities Fund is used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approving a development (*Education Code* Sections 17620-17626). Expenditures are restricted to the purposes specified in *Government Code* Sections 65970-65981 or to the items specified in agreements with the developer (*Government Code* Section 66006).

Capital Project Fund for Blended Component Units The Capital Project Fund for Blended Component Units is used to account for capital projects financed by Mello-Roos Community Facilities Districts and similar entities that are considered blended component units of the District under generally accepted accounting principles (GAAP).

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue funds are used to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to expenditures for specified purposes and that compose a substantial portion of the inflows of the fund. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

Child Development Fund The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.

Cafeteria Fund The Cafeteria Fund is used to account separately for Federal, State, and local resources to operate the food service program (*Education Code* Sections 38090-38093) and is used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code* Sections 38091 and 38100).

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

Capital Project Funds The Capital Project funds are used to account for financial resources that are restricted, committed, or assigned to the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

Building Fund The Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

Debt Service Funds The Debt Service funds are used to account for the accumulation of restricted, committed, or assigned resources for and the payment of principal and interest on general long-term debt.

Bond Interest and Redemption Fund The Bond Interest and Redemption Fund is used for the repayment of bonds issued for a district (*Education Code* Sections 15125-15262).

COP Debt Service Fund The COP Debt Service Fund is used to account for the interest and redemption of principal of Certificates of Participation.

Fiduciary Funds Fiduciary funds are used to account for assets held in trustee or agent capacity for others that cannot be used to support the District's own programs. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Fiduciary Funds The Fiduciary Funds reporting focuses on net position and changes in net position. The District maintains fiduciary funds that are classified as agency funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurements of results of operations. The District's agency funds include:

Debt Service Special Tax Bonds is an Agency fund used to account for the resources accumulated for the repayment of special tax debt of the Authority and CFDs described under financial reporting entity.

Associated Student Body Fund is an Agency fund used to account for student body activities.

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the District and for each governmental program, and excludes fiduciary activity. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program segment is self-financing or draws from the general revenues of the District. Eliminations have been made to minimize the double counting of internal activities.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

Net position should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the restrictions on their net position use.

Fund Financial Statements Fund Financial Statements report detailed information about the District. The focus of governmental financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

Governmental Funds All governmental funds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds on a modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

Fiduciary Funds Fiduciary Funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are excluded from the government-wide financial statements because they do not represent resources of the District.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 90 days. However, to achieve comparability of reporting among California districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to state-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: state apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

Unearned Revenue Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Certain grants received before the eligibility requirements are met are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Principal and interest on general long-term obligations, which has not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the entity-wide statements.

Investments

Investments held at June 30, 2014, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county and State investment pools are determined by the program sponsor.

Store Inventories

Inventories consist of expendable food and supplies held for consumption. Inventories are stated at cost, on the first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental type funds when used.

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the District. The District maintains a capitalization threshold of \$5,000 dollars. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, but are expensed as incurred.

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide financial statement of net position. The valuation bases for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 20 to 50 years; improvements, 5 to 50 years; equipment, 2 to 15 years.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities columns of the statement of net position, except for the net residual amounts due between governmental activities, which are presented as internal balances.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide statement of net position. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and long-term loans are recognized as liabilities in the governmental fund financial statements when due.

Debt Issuance Costs, Premiums and Discounts

In the government-wide financial statements and in the proprietary fund type financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Debt premiums and discounts, as well as issuance costs, related to prepaid insurance costs are amortized over the life of the bonds using the straight-line method.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

Fund Balances - Governmental Funds

As of June 30, 2014, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through resolutions or other action as approved by the governing board. The District currently does not have any committed funds.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the governing board or chief business officer/assistant superintendent of business services may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Minimum Fund Balance Policy

The governing board adopted a minimum fund balance policy for the General Fund in order to protect the district against revenue shortfalls or unpredicted on-time expenditures. The policy intends for the District to maintain a minimum fund balance equal to three percent of the District's general fund annual operating expenditures and other financing uses plus two months of general fund annual operating expenditures and other financing uses. If a fund balance drops below five percent, it shall be recovered at a rate of two percent minimally, each year, when financial circumstances permit.

Net Position

Net position represents the difference between assets and liabilities. Net position net of investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The government-wide financial statements report \$38,395,474 of restricted net position.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Budgetary Data

The budgetary process is prescribed by provisions of the California *Education Code* and requires the governing board to hold a public hearing and adopt an operating budget no later than July 1 of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For budget purposes, on behalf payments have not been included as revenue and expenditures as required under generally accepted accounting principles.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Riverside bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

New Accounting Pronouncements

In June 2012, the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

This Statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement.

The scope of this Statement addresses accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trusts that have the following characteristics:

- Contributions from employers and non-employer contributing entities to the pension plan and earnings on those contributions are irrevocable.
- Pension plan assets are dedicated to providing pensions to plan members in accordance with the benefit terms.
- Pension plan assets are legally protected from the creditors of employers, non-employer contributing entities, and the pension plan administrator. If the plan is a defined benefit pension plan, plan assets also are legally protected from creditors of the plan members.

This Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures. For defined benefit pensions, this Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

Note disclosure and required supplementary information requirements about pensions also are addressed. Distinctions are made regarding the particular requirements for employers based on the number of employers whose employees are provided with pensions through the pension plan and whether pension obligations and pension plan assets are shared. Employers are classified in one of the following categories for purposes of this Statement:

- Single employers are those whose employees are provided with defined benefit pensions through single-employer pension plans—pension plans in which pensions are provided to the employees of only one employer (as defined in this Statement).

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

- Agent employers are those whose employees are provided with defined benefit pensions through agent multiple-employer pension plans—pension plans in which plan assets are pooled for investment purposes but separate accounts are maintained for each individual employer so that each employer's share of the pooled assets is legally available to pay the benefits of only its employees.
- Cost-sharing employers are those whose employees are provided with defined benefit pensions through cost-sharing multiple-employer pension plans—pension plans in which the pension obligations to the employees of more than one employer are pooled and plan assets can be used to pay the benefits of the employees of any employer that provides pensions through the pension plan.

In addition, this Statement details the recognition and disclosure requirements for employers with liabilities (payables) to a defined benefit pension plan and for employers whose employees are provided with defined contribution pensions. This Statement also addresses circumstances in which a non-employer entity has a legal requirement to make contributions directly to a pension plan.

This Statement is effective for fiscal years beginning after June 15, 2014. Early implementation is encouraged.

In November 2013, the GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date — An Amendment of GASB Statement No.68*. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement 68 requires a state or local government employer (or nonemployer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or nonemployer contributing entity makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources. In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or nonemployer contributing entity that arise from other types of events. At transition to Statement 68, if it is not practical for an employer or nonemployer contributing entity to determine the amounts of *all* deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported.

Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or nonemployer contributing entity's beginning net position and expense in the initial period of implementation.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

The provisions of this Statement are required to be applied simultaneously with the provisions of Statement 68.

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2014, are classified in the accompanying financial statements as follows:

Governmental activities	\$ 51,710,600
Fiduciary funds	12,982,455
Total Deposits and Investments	<u>\$ 64,693,055</u>

Deposits and investments as of June 30, 2014, consist of the following:

Cash on hand and in banks	\$ 64,890
Cash in revolving	5,000
Investments	64,623,165
Total Deposits and Investments	<u>\$ 64,693,055</u>

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment Pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the Pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Authorized Under Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the County Pool.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

Weighted Average Maturity

The District monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. Information about the weighted average maturity of the District's portfolio is presented in the following schedule:

Investment Type	Fair Value	Maturity Date/ Average Maturity In Days
Riverside County Investment Pool	\$ 41,210,017	500*
First American Prime Obligation Fund Class Y	21,395,259	7/1/2014
Money Market - Treasury Obligations	1,997,274	7/1/2014
Total	\$ 64,602,550	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investments with the Riverside County Investment Pool have been rated AAA/V1 by Fitch Ratings. The First American Prime Obligation Funds are rated AAA by Moody's Investor Service. Money Market-Treasury Obligations are not rated because they are not required to be rated.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2014, the District's bank balance of \$79,649 was not exposed to custodial credit risk.

Series 2008 B and C

In February 2009, the District issued General Obligation Bonds, Series B and C in the aggregate amount of \$15,730,000. This amount was the remaining amount on the voter authorized amount and exhausts the voter authorized bonds of the February 2008 authorization of \$31,460,000. The bonds include current interest bond maturities totaling \$7,975,000 with interest rates ranging from 3 percent to 5.25 percent, and capital accretion type bonds with denominational amounts totaling \$4,655,000 (maturing to \$25.6 million) with accretion rates ranging from 6.8 percent to 10.509 percent. The bonds are issued for the purpose of financing acquisition and construction of new district facilities.

Series 2013 General Obligation Refunding Bonds

In February 2013, the District issued \$8,835,000 in 2013 General Obligation Refunding Bonds. Proceeds from the Bonds were used to advance refund a portion of the District's outstanding General Obligation Bonds 2002 Series A. The Bonds mature February 1, 2028, with interest rates ranging from 1.25 percent to 3 percent.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

Supplemental Employee Retirement Plan (SERP)

The District offered a one-time retirement incentive to qualified employees under a qualified plan of Section 401A of the Internal Revenue Code. Certificated and classified employees choosing to participate in this incentive shall receive up to the current annual amount of CAP entitlement (\$9,869) toward the health and welfare benefits paid by the District. The CAP entitlement contribution for this incentive will match the District's current contribution for the employee at the time of retirement. This contribution shall be made in monthly increments and continue until the first day of the month in which the retiree reaches age sixty-five (65). Currently there are nine employees participating in this plan and the District's obligation to those retirees as of June 30, 2014, is \$259,597.

Future payments are as follows:

Year Ending June 30,	Amount
2015	\$ 89,758
2016	67,818
Total	<u>\$ 157,576</u>

Other Postemployment Benefits (OPEB) Obligation

The District's annual required contribution for the year ended June 30, 2014, was \$70,699, and contributions made by the District during the year were \$68,025. Interest on the net OPEB obligation and adjustments to the annual required contribution were \$(136) and \$(177), respectively, which resulted in an increase to the net OPEB obligation of \$2,715. As of June 30, 2014, the net OPEB obligation was \$5,439. See Note 11 for additional information regarding the OPEB obligation and the postemployment benefits plan.

NOTE 9 - NON OBLIGATORY DEBT

Community Facilities Districts (CFDs)

The special tax bonds issued by the Community Facilities District's and the Public Finance Authority (hereinafter referred to as the CFDs) are not obligations of the Meniffee Union School District. The bonds, the interest thereon, and any premiums on the redemption of any of the bonds are not an indebtedness of the District, the State of California, or any of its political subdivisions. Neither the faith and credit nor the taxing power of the District is pledged to the payment of the bonds. The bonds are payable from proceeds of Net Special Taxes levied on property within the CFDs according to the rate and method of apportionment of special tax approved by the Board and the eligible landowner voters in the CFDs. The bonds are secured only by a first pledge of all revenues derived from the net special taxes and the monies deposited in certain funds held by the fiscal agent under the fiscal agent agreement. Therefore, the bonds are not included in the financial statements.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 11 - POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description

The District provides postemployment health care benefits, in accordance with certain past District employment contracts. Currently, three employees meet those eligibility requirements. The District contributes 100 percent of the amount of premiums incurred by two of these retirees and their dependents; the other retiree and dependent is subject to the District's cap on health and welfare contributions. *Education Code* requires the District to make a health package available to certificated retirees. The District offers the opportunity for classified retirees to purchase this plan as well even though not required to do so by California law. The District does not contribute any funds toward these retiree health plans and those retirees which choose the plan are required to pay all premium costs associated with the plan.

Contribution Information

Expenditures for postemployment benefits are recognized on a pay-as-you-go basis, as premiums are paid. For fiscal year 2013-2014, the District contributed \$68,028, of which \$26,438 was used for current premiums and \$41,587 was contributed by the District as an implicit rate subsidy to current retirees.

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (UAAL) (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation:

Annual required contribution	\$ 70,699
Interest on net OPEB obligation	(136)
Adjustment to annual required contribution	177
Annual OPEB cost (expense)	70,740
Contributions made	(68,025)

NOTE 12 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft, damage and destruction of assets; errors and omissions; injuries to employees; life and health of employees; and natural disasters.

Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year ending June 30, 2014, the District contracted with Riverside Schools' Insurance Authority (RSIA) for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

Workers' Compensation

For fiscal year 2014, the District participated in the Protected Insurance Program for Schools (PIPS). The intent of the PIPS is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the PIPS. The workers' compensation experience of the participating districts is calculated as one experience and a common premium rate. Each participant pays its workers' compensation premium based on its individual rate.

NOTE 13 - EMPLOYEE RETIREMENT SYSTEM

Qualified employees are covered under multiple-employer retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

CalSTRS

Plan Description

The District contributes to CalSTRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 100 Waterfront Place, West Sacramento, California 95605.

Funding Policy

Active plan members are required to contribute 8.0 percent of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2013-2014 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalSTRS for the fiscal years ending June 30, 2014, 2013, and 2012, were \$2,835,731, \$2,714,389, and \$2,630,443, respectively, and equal 100 percent of the required contributions for each year.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

CalPERS

Plan Description

The District contributes to the School Employer Pool under CalPERS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issue a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95811.

Funding Policy

Active plan members are required to contribute 7.0 percent of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2013-2014 was 11.442 percent of covered payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalPERS for the fiscal years ending June 30, 2014, 2013, and 2012, were \$979,032, \$946,057, and \$890,361, respectively, and equal 100 percent of the required contributions for each year.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS in the amount of \$1,746,535 (5.541 percent of annual payroll). Contributions are no longer appropriated in the annual *Budget Act* for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. Contributions are no longer appropriated in the annual *Budget Act* for the legislatively mandated benefits to CalPERS. Therefore, there is no on-behalf contribution rate for CalPERS. This amount was reported in both State revenues and Instructional Expenditures within the General Fund. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements. On behalf payments have been excluded from the calculation of available reserves, and have not been included in the budget amounts reported in the *General Fund - Budgetary Comparison Schedule*.

NOTE 14 - COMMITMENTS AND CONTINGENCIES

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2014.

The accompanying notes are an integral part of these financial statements.

MENIFEE UNION SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

Federal and State Grants

The District received financial assistance from Federal and State agencies in the form of grants for categorical and construction. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2014.

NOTE 15 - PARTICIPATION IN JOINT POWER AUTHORITIES

The District is a member of the Riverside Schools Insurance Authority (RSIA), Self Insurance Schools' of California III (SISC III), and the Protected Insurance Program for Schools (PIPS) joint powers authorities (JPA). The District pays an annual premium to the applicable entity for its health, workers' compensation, and property liability coverage. The relationships between the District and the JPA's are such that they are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are generally available from the respective entities.

The District has appointed one board member to the governing board of the Insurance Authority.

During the year ended June 30, 2014, the District made payments of \$377,338 to Riverside Schools' Insurance Authority, \$754,445 to Protected Insurance Program for Schools, and \$846,930 to Self Insurance Schools' of California III for insurance.

NOTE 16 - SUBSEQUENT EVENTS

On July 29, 2014, the District issued \$4,230,000 in 2014 General Obligation Refunding Bonds. The Bonds were issued to (a) refund on an advance basis certain maturities of the outstanding general obligation bonds of the District and (b) pay certain costs of issuing the Bonds.

The accompanying notes are an integral part of these financial statements.

The General Fund balance has decreased by \$2,071,077 over the past two years. The fiscal year 2014-2015 budget projects a further decrease of \$4,058,807 (39.81 percent). For a district this size, the State recommends available reserves of at least three percent of total General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating surpluses in one of the past three years and anticipates incurring an operating deficit during the 2014-2015 fiscal year. Total long-term obligations have decreased by \$231,044 over the past two years.

Average daily attendance has increased by 348 over the past two years. Additional growth of 265 ADA is anticipated during fiscal year 2014-2015.

¹ Budget 2015 is included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all unassigned fund balances including all amounts reserved for economic uncertainty contained within the General Fund.

³ On behalf payments of \$1,746,535, \$1,714,351, and \$1,579,133, have been excluded from the calculation of available reserves for the fiscal years ending June 30, 2014, 2013, and 2012.

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2014

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The following schedule provides reconciliation between revenues reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amounts consist primarily of Medi-Cal Billing Option Program funds have been recorded in the prior period as revenues that have been expended as of June 30, 2014.

Description	CFDA Number	Amount
Total Federal Revenues Statement of Revenues, Expenditures and Changes in Fund Balance:		\$ 4,775,005
Medi-Cal Billing Option	93.778	30,294
Total Schedule of Expenditures of Federal Awards		<u>\$ 4,805,299</u>

Local Education Agency Organization Structure

This schedule provides information about the District's boundaries and schools operated, members of the governing board, and members of administration.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. The District neither met nor exceeded its target funding. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of *Education Code* Sections 46200 through 46206.

Districts must maintain their instructional minutes at the 1986-87 requirements, as required by *Education Code* Section 46201.

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2014

Reconciliation of Annual Financial and Budget Report With Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Schedule of Charter Schools

This schedule lists all Charter Schools chartered by the District, and displays information for each Charter School on whether or not the Charter School is included in the District audit.

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances are included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

INDEPENDENT AUDITORS' REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governing Board
Menifee Union School District
Menifee, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Menifee Union School District (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Menifee Union School District's basic financial statements, and have issued our report thereon dated October 1, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Menifee Union School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Menifee Union School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Menifee Union School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Menifee Union School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Governing Board
Menifee Union School District
Menifee, California

Report on Compliance for Each Major Federal Program

We have audited Menifee Union School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Menifee Union School District's (the District) major Federal programs for the year ended June 30, 2014. Menifee Union School District's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Menifee Union School District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Menifee Union School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of Menifee Union School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Menifee Union School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Menifee Union School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Menifee Union School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Menifee Union School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Governing Board
Menifee Union School District
Menifee, California

Report on State Compliance

We have audited Menifee Union School District's compliance with the types of compliance requirements as identified in the *Standards and Procedures for Audit of California K-12 Local Educational Agencies 2013-2014* that could have a direct and material effect on each of the Menifee Union School District's State government programs as noted below for the year ended June 30, 2014.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its State's programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of each of the Menifee Union School District's State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2013-2014*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the applicable government programs noted below. An audit includes examining, on a test basis, evidence about Menifee Union School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions. Our audit does not provide a legal determination of Menifee Union School District's compliance with those requirements.

Unmodified Opinion

In our opinion, Menifee Union School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the government programs noted below that were audited for the year ended June 30, 2014.

Other Matters

In connection with the audit referred to above, we selected and tested transactions and records to determine the Menifee Union School District's compliance with the State laws and regulations applicable to the following items:
